The Approach

How did you select this vendor and what were the deciding factors?

We searched online for the best vendors and after interviewing few vendors Elite Information Tech has positioned themselves as the best quality services they can provide for us.

Describe the scope of work in detail, including the project steps, key deliverables, and technologies used.

We had a meeting with their team, and made a plan where we need to improve our website and SEO.

How many people from the vendor's team worked with you, and what were their positions?

A project manager was always in touch with us then about 4-5 staff members were involved.

The Outcome

Can you share any measurable outcomes of the project or general feedback about the deliverables?

Since we are working with Elite Information Tech our customers are increasing weekly, our services become more easy to reach and more acceptable for our clients.

Describe their project management style, including communication tools and timeliness.

We had contact every day from VC our project manager, with ideas where we need to improve and with the reports with our achievements.

What did you find most impressive or unique about this company?

The team is very professional and every time we had a question they respond promptly.

Are there any areas for improvement or something they could have done differently?

We are very happy with their services no much improvement need it , they are always there for us to give as a hand.
